

PMP NON-STIM PRE-WORKOUT PUMP ACTIVATOR

Athletes want that feeling of blood rushing into the muscle during a high powered training session. »The sought after "Pump" is supported by key ingredients found in PMP to help boost performance during high intensity exercise and support healthy muscle function. These key components allow you to chase the PUMP ACTIVATION.

PMP has been fully dosed to optimise the pump by combining ingredients found to improve physical performance¹, muscle health² and help protect muscle cells from oxidative stress.³ PMP's proprietary combination contains ViNitrox™ a unique apple and grape polyphenol extracts, Glycerol, Citrulline, and also Creatine Monohydrate. Maintain good hydration through the day to maximise results. The ideal formula for those looking to breakthrough barriers day or night but without being over-stimulated.
